

# SKID- STEER FORKS AND FRAMES

MANUFACTURED IN  
NORTH AMERICA

Turn your loader into a forklift with a Star Industries fork frame. Heavy-duty and economy fork frames available for ITA-style forks.

- Universal quick-tach
- Big load capacities
- All-welded steel construction
- ITA-style locking so forks can't swing out when loads are dumped

## 6 REASONS STAR FORKS ARE BETTER

- 1 Local manufacturing.**  
All forks are manufactured in North America and only from high-grade certified materials.
- 2 No shortcuts.**  
All forks are forged from a single piece of steel, then fully heat-treated, quenched and tempered for a minimum yield strength of 825 Mpa.
- 3 Certified production methods.**  
Welding processes are certified in accordance with ISO 3834-2.
- 4 Rigorous testing.**  
Fork heels and welds are subjected to full MPI crack-testing on all welds and the heel area by certificated operatives.
- 5 Full part traceability.**  
Each fork is stamped with manufacturer's identification, specified capacity and load centre, week of manufacture and production works order number.
- 6 Standards-compliance.**  
All forks are guaranteed to meet or exceed the requirements of the national and (such as ISO2328 and ISO2330 and ANSI ITSDF B56.11.4) with regards to mounting details, load-, fatigue- and impact-tests.
